54200-1-10

TRAFFIC ACCIDENTS AND ENFORCEMENT ACTIVITIES

DEPARTMENT OF PUBLIC SAFETY / P.O. BOX 958 / JACKSON, MS 39205

1987 ANNUAL SUMMARY

ACKNOWLEDGEMENT

This document summarizes statistics pertaining to traffic accidents, traffic law enforcement activities, Driver Services Bureau and The Criminal Investigation Bureau in Mississippi during the calendar year 1987. These Bureaus come under the Department of Public Safety/ Mississippi Highway Safety Patrol. Its purpose is to inform the public and to assist responsible officials in making highways safer and traffic law enforcement more effective. Also to inform the public and officials of the criminal activities within the state.

I would like to thank the following personnel for making this manual possible. Without their help, this manual would not be possible. Director Will Spann, Management Information Systems/Data Processing/ Mississippi Justice Information Center. The Printing Bureau who helped in compiling the information and printing. Major Jerry Jones, Director of the Drivers Services Bureau and Major Jay Clark of the Criminal Investigation Bureau. I would like to thank Major Jay Clark for his fine report.

I would especially like to thank all the personnel in the Statistical Bureau for their devoted efforts in compiling the information in this annual summary.

Lieutenant William M. "Bill" Jones
Director of Statistics

MISSISSIPPI HIGHWAY SAFETY PATROL TRAFFIC STATISTICS

General Traffic Statistics

1987 Quick Facts ---------- 1
General Facts of 1987 ---------- 2
Motor Vehicle Accidents and Related Data 1941-1987 ---------- 3
Number of Registered Vehicles by County ---------- 4-5
Holiday Accidents - Five Year Comparison 1983-1987 ---------- 6

Accident Data

Contributing Circumstances of Accidents ---------- 7
Accidents by Road Surface Condition ---------- 8
Accidents by Light Condition ---------- 8
Accidents by Direction of Two or More Vehicles ---------- 8
Accidents by Type of Accident ---------- 9
Number of Person by Type of Accidents ---------- 10
Physical Condition of Drivers ---------- 11
Type of Vehicles Involved in Accidents ---------- 12
Seat Belt Usage of Drivers ---------- 13
Age of Drivers in Accidents ---------- 14
Sex of Drivers in Accidents ---------- 14
Accidents by Time and Day ---------- 15
Fatal Accidents by Time and Day ---------- 16
Pedestrian Accidents ---------- 17
Pedestrian Accidents by Physical Condition ---------- 18
Pedestrian Actions by Age ---------- 19
All Other Accidents ---------- 20

DUI Related

Contributing Circumstances of Accidents ---------- 21
Accidents by Road Surface Condition ---------- 22
Accidents by Light Condition ---------- 22
Seat Belt Usage of Drivers ---------- 23
Accidents by Direction of Two or More Vehicles ---------- 23
Accidents by Type ---------- 24
Pedestrian Accidents by Physical Condition ---------- 25
Accidents by Number of Persons and Type of Accidents ---------- 26
Accident Types by Physical Condition ---------- 27

Types of Vehicles Involved in Accidents ---------- 28
Age of Drivers in Accidents ---------- 29
Sex of Drivers in Accidents ---------- 29
Fatal Accidents by Time and Day ---------- 30
Accidents by Time and Day ---------- 31
Pedestrian Accidents ---------- 32
List of Fatalities ---------- 33
Pedestrian Actions by Age ---------- 34
List of Injuries ---------- 35
All Other Accidents ---------- 36
Result of Breath Test Analysis to Determine Blood Alcohol Content ---------- 37
Where Result of Breath Test Analysis to Determine Blood Alcohol Content were given ---------- 38-40
    Enforcement Agency
    Age, Resident, Sex
    Time of Day
    Day of Week
Where DUI Refusal Tests were given ---------- 41-42
    Enforcement Agency
    Age, Resident, Sex

FATALITIES AND INJURIES

List of Fatalities: Bicycle, Vehicle, Pedestrian, Sex and Age -- 43
Number of Fatalities by Date and Month
    State and Federal Highways ---------- 44
    Statewide ---------- 45
Fatality and Fatal Accident Deaths by Month and District
    Statewide ---------- 46
    State and Federal Highways ---------- 47
Fatality and Injury Report by County
    Statewide ---------- 48-50
    State and Federal Highways ---------- 51-53
    County ---------- 54-56
    City ---------- 57-59
    Not Stated ---------- 60-62
List of Injuries: Bicycle, Vehicle, Pedestrian, Sex, Age ------- 63

FIELD ENFORCEMENT ACTIONS

Yearly Activity District Summary
    District One ---------- 64-65
    District Two ---------- 66-67
    District Three ---------- 68-69
    District Four ---------- 70-71
    District Five ---------- 72-73
    District Six ---------- 74-75
    District Seven ---------- 76-77
    District Eight ---------- 78-79
    District Nine ---------- 80-81
    District Yearly ---------- 82-83
    Yearly Automotive Equipment Expense Report ---------- 84

Glossary ---------- 108-115

IN 1987, THERE WERE

53,198 . . . . . ACCIDENTS

RESULTING IN

756 . . . . . PEOPLE KILLED

25,204 . . . . . PEOPLE INJURED

AND PROPERTY DAMAGE OF

$39,192,000

IN 1987, IN MISSISSIPPI

1,950,000 . . . . . DRIVERS CURRENTLY LICENSED

1,855,660 . . . . . MOTOR VEHICLES WERE REGISTERED

10,831 . . . . . ROADWAY MILES WERE MAINTAINED

GENERAL FACTS OF 1987

756	DEATHS
	9.9 percent less than 1986
656	FATAL ACCIDENTS
	9.8 percent less than 1986
25,204	INJURIES
	0.2 percent more than 1986
63	PEDESTRIAN FATALITIES
	7.9 percent less than 1986
27	MOTORCYCLE FATALITIES
	0.9 percent less than 1986
17	BICYCLE FATALITIES
	12.5 percent more than 1986
1	SCHOOL BUS RELATED FATALITIES
	166.7 percent less than 1986

ACKNOWLEDGEMENT

The Driver Services Bureau of the Department of Public Safety appreciates all persons, agencies, departments, and organizations who contributed in the development and preparation of this publication.

We especially thank the personnel of the Statistical Branch, under the direction of Lieutenant Bill Jones; the Management Information System (Data Processing - Mississippi Justice Information Center), directed by Mr. Will Spann; and the Printing Branch, directed by Mr. Robert Hilbun, for their dedicated efforts in compiling this information. This 1987 Annual Summary is published due to their combined efforts.

Major Jerry A. Jones
Director, Driver Services Bureau
Department of Public Safety

DRIVER SERVICES BUREAU

The Driver Services Bureau consists of 76 sworn officers and 120 civilian employees in two divisions - Administrative and Field Operations. Branches included under the Administrative Division are Driver Records, Driver Improvement, Implied Consent, Safety Responsibility, and Statistics, while the Driver License Examining and Motor Vehicle Inspection Branches make up the Field Operations Division.

Some of the duties performed by Bureau personnel were testing applicants, issuing and renewing drivers' licenses and identification cards; maintaining a complete driver record on Mississippi's 1.8 million licensed drivers; keeping statistics on traffic accidents and enforcing the Safety Responsibility laws while maintaining accident reports and records; monitoring and certifying inspection stations to ensure motor vehicles are properly equipped at the time of inspection; training law enforcement personnel in the use and maintenance of breath testing instruments and principles governing breath tests to comply with the Implied Consent Act; suspending the drivers' licenses of drivers convicted of violating the DUI law; improving or suspending drivers who accrue bad driving records; suspending individuals who write invalid checks for a renewal or duplicate of their drivers' licenses; and compiling and recording facts and figures for the Department of Public Safety and other agencies.

Bureau personnel processed 332,225 citations; suspended 105,482 drivers' licenses; provided 655,201 motor vehicle driving records; processed 55,788 motor vehicle accident cases; monitored 1,321 motor vehicle inspection stations; issued 81,789 new licenses, renewed 357,184 drivers' licenses; issued 85,494 learners' permits and 6,599 identification cards; administered 384,650 driver license examinations; trained and certified 846 officers in the use of breath testing instruments and recertified 1,923 others, serviced and maintained 173 portable (hand held) and 170 stationary breath testing instruments.

Driver Services personnel, collecting fees for driver licenses, accident reports, driver license records, reinstatements, motor vehicle inspections, and other documents, accounted for $12,691,747.00 in revenue.

STATISTICS BRANCH

Hundreds of statistical categories concerning traffic accidents, accident victims, drivers, citation issuance, etc., are kept by the Statistics Branch of the Department of Public Safety.

We kept information concerning the District Summary which consist of: arrests records, equipment expense of each district, hours on duty and overall activities of each of the nine districts.

This department is responsible for receiving and processing automotive expense reports and activity reports of various departments. These reports consist of:

- Academy Auto
- Security Auto
- Implied Consent Auto
- Driver Services Auto
- Crime Lab Auto
- Driver Improvement Auto
- Intoximeter
- Printing Bureau
- Receiving and Supply Form
- Safety Responsibility
- DUI Refusals
- Administrative Auto
- Air Surveillance Activity
- Air Surveillance Auto
- Motor Vehicle Activity
- Driver Records
- Investigative Auto
- Radio (Communications)
- Driver License Examining Activity
- Shrunk Sheet
- Motor Vehicle Auto

During FY 88, more than 655,950 licensed driver's records were microfilmed and 305,952 tickets that had been issued to violators by municipal police departments, park rangers, county officers and out-of-state agencies to Mississippi license holders were processed.

There are two clerks, one which separates tickets by hazardous, non-hazardous, DUI and failed to appear on city, county, Natchez Trace, MHP and out-of-state. The other clerk separates BACs and microfilms. We microfilm for Driver Improvement, Driver License Examining and Data Processing. The nine Data Entry Operators enter information taken from all tickets, city, county, Natchez Trace, MHP and out-of-state. We also enter the new failed to pay and failure to appear, city, county and out-of-state.

This department keeps statistics on all motor vehicle accidents involving fatalities statewide. This information is kept on daily recap sheets (AR-15). These statistics include, cause of accident, county where it occured, name, age and sex of fatality, time of day it occured, location, type of accident and date of accident. This information is also sent to each district daily and to the State Board of Health and the National Safety Council.

The Fatal Accident Reporting System (FARS) is a census of data on all fatal traffic accidents within the 50 states, the District of Columbia and Puerto Rico. To be included in FARS an accident must involve motor vehicle traveling on a trafficway customarily open to the public and result in the death of a person within thirty (30) days of the accident. The system was conceived, designed and developed by the National Center for Statistics and Analysts (NCSA) of the National Highway Traffic Safety Administration (NHTSA) to provide an overall measure of highway safety to help identify traffic safety problems, to suggest solutions, and help provide an

objective basis to evaluate the effectiveness of motor vehicle safety standards and highway safety programs. Each analyst enters gathered data into a computer which goes directly into NHTSA's central computer data file. Data are automatically checked when entered for acceptable range values and for consistency. Consistency checks ensure that no inconsistent data are entered. FARS data can be used to answer a myriad of questions on the safety conditions of vehicles, drivers, traffic situations, roadways and environmental conditions.

ACKNOWLEDGEMENT

This document summarizes the activities of the Mississippi Criminal Investigation Bureau during calendar year 1987. Its purpose is to inform the public of the Bureau's mission, which is to investigate, report and prevent criminal activities; coordinate activities between state and local authorities involved in crime prevention and investigation; and such other tasks as may be assigned.

I would like to thank Lieutenant William "Bill" Jones, the Statistical Staff, and the Printing Bureau for their efforts in compiling this Annual Summary.

Major Jay F. Clark, Director
Criminal Investigation Bureau

CRIMINAL INVESTIGATION BUREAU

The Criminal Investigation Bureau of the Mississippi Highway Safety Patrol is divided into the northern and southern regions to coincide with the two traffic enforcement regions. Making up the southern region are the Jackson, Meridian, Hattiesburg, Gulfport and Brookhaven districts, with the Greenwood, Batesville, New Albany and Starkville districts making up the northern region. A regional investigator with the rank of captain is in charge of the investigators of each region. A district investigator with the rank of lieutenant is in charge of investigators (master sergeants) within the district. Criminal investigators assigned to each district report to the district investigator (lieutenant) who reports to the regional investigator (captain) who reports to the director (major) of the Criminal Investigation Bureau (CIB). This method of supervision establishes a clearly defined chain of command. The CIB is currently authorized 55 sworn officers as investigators, protective service officers and supervisory personnel. At the end of FY 86 there were 47 CIB investigators and protective service officers. In addition to its normal functions the CIB was assigned the responsibilities of protective services and of conducting internal affairs investigations. CIB investigators report the results of the internal affairs investigations to the assistant chief of patrol.

There is a great demand for the services of CIB investigators. Requests for assistance come from municipal, county, state and federal authorities. All CIB investigators come from the ranks of state troopers who are given advanced

training in all phases of investigative work. There are 10 civilian personnel assigned to the bureau.

The CIB assists local, county and federal authorities in the investigation of criminal cases and crime prevention.

Section 45-3-21, Mississippi Code of 1972, gives investigators of the Department of Public Safety general police powers to enforce all the laws of the State of Mississippi.

The CIB's mission is to investigate, report and prevent criminal activities; coordinate activities between state and local authorities involved in crime prevention and investigation; and such other tasks as may be assigned.

CIB investigators gather and preserve evidence at the crime scene, conduct surveillance, interrogate suspects, make arrests, fingerprint suspects, compare fingerprints and perform other investigative functions.

In 1984, the State Personnel Board approved the commissioner's request for a new position, that of director of correctional intelligence, with the rank of lieutenant, for the purpose of gathering criminal intelligence at the Mississippi State Penitentiary at Parchman. This new position is working well and strengthening CIB's relationships with sheriffs, prosecutors, corrections and other agencies.

Due to the serious illegal drug problem in Mississippi, the CIB continues emphasizing drug investigations and assisting drug enforcement agencies in the investigation of illegal drug activities.

The CIB administers polygraph examinations, classifies fingerprints, provides expert witnesses for court and provides training for investigators.

The investigators in this bureau work closely with the Federal Bureau of Investigation, National Automobile Theft

Bureau, Mississippi authorities and authorities in other states in motor vehicle theft investigations. The bureau acts as a clearinghouse for all local, state and federal authorities involved in checking auto theft cases in Mississippi as well as those which occur out of state.

In FY 86, the CIB was given the responsibility of examining rebuilt salvage vehicles for Mississippi titles. In order to make it as convenient as possible for everyone concerned, the CIB established the procedure of having persons with vehicles to be examined, take the vehicles to the nearest Mississippi Highway Safety Patrol district substation during business hours on Wednesdays. A CIB investigator is available to examine the vehicle to make sure it is the vehicle for which the owner (rebuilder) has title. Although this procedure requires many manhours, it has eliminated Mississippi being a title laundering state.

Advanced training within the CIB has been emphasized during the past year. Many investigators have attended specialized training courses. Six CIB investigators are FBI National Academy graduates.

Investigators often teach classes made up of law enforcement officers at the Mississippi Law Enforcement Officers' Training Academy on subjects of homicide and rape, and auto theft investigations.

MISSING PERSONS

In October 1984, Governor Bill Allain and Commissioner of Public Safety James L. Robrts, Jr., recognized the need for organizing the Missing Persons Unit, with emphases on children and youth.

For the first time Mississippi had a state-wide law enforcement agency actually involved in this important need of a modern day society--that of collecting and coordinating information concerning all missing persons.

The unit, headed by a lieutenant, is presently in the process of computerizing information on all missing persons for immediate access.

CORRECTIONAL INTELLIGENCE DIVISION

On October 1, 1984, the Correctional Intelligence Branch of the Criminal Investigation Bureau was established at the Mississippi State Penitentiary at Parchman. Personnel in this division gather criminal intelligence within the entire correctional system as an aid to all law enforcement and prosecutors.

LIVESTOCK THEFT DIVISION

The Livestock Theft Division was created to assist in the investigation of all farm related crimes.

The division has a director and nine investigators, one for each patrol district, to cover all 82 Mississippi counties. Livestock theft investigators are responsible for enforcing all state laws pertaining to theft of cattle, horses, swine, poultry, fish, farm equipment, farm chemicals, timber, hunting or herd dogs and any other farm related crimes.

A close working relationship is maintained with the Mississippi Cattlemen Association; each investigator is a member of the association.

Anyone needing the services of a livestock theft investigator for any farm related crime should contact the nearest law enforcement agency or livestock theft investigator in the particular area.

Registration of all brands and tranquilizer guns are to be maintained by this division, and a brands book is to be published for each five-year period.

BRANDS BRANCH

The Brands Branch of the Livestock Theft Division is staffed with a director and a brands registrar.

The Mississippi law does not require livestock owners to brand animals; however, if they do brand, the law requires that the brand be registered with the Brands Branch.

Branding livestock is a means of identifying ownership and is a deterrent to theft. No two recorded brands are the same. Mississippi law requires that brands be recorded for a five-year period; the last period ended June 30, 1987.

Registered brands are published in booklet form and distributed to all livestock markets, sheriff's offices and chancery clerks in the state.

Since the Brands Branch began in 1952, there have been more than 10,000 brands registered.

GLOSSARY

ACCIDENT - An accident is an unstabilized situation which includes at least one harmful event not directly resulting from a cataclysm.

AUTOMOBILE - An automobile is a motor vehicle other than a motorcycle, consisting primarily of a transport device designed for carrying ten or fewer persons.

BUS - A bus is a motor vehicle consisting primarily of a transport device designed for carrying more than ten persons.

CATACLYSM - A cataclysm is a cloudburst, cyclone, earthquake, flood, hurricane, lightning, tidal wave, torrential rain, tornado or volcanic eruption.

COLLISION INVOLVING ANIMAL - A collision involving animal is a collision accident in which the first harmful event is the collision of an animal powering another road vehicle and a road vehicle in transport.

COLLISION INVOLVING FIXED OBJECT - A collision involving fixed object is a collision accident in which the first harmful event is the striking of a fixed object by a road vehicle in transport. Fixed objects include such objects as guardrails, bridge railings, barricades, impact attenuators, trees, embedded rocks, utility poles, ditches, steep earth or rock slopes, culverts, fences and buildings.

COLLISION INVOLVING MOTOR VEHICLE IN TRANSPORT - A collision involving motor vehicle while in transport is an accident that is both a motor vehicle accident and a collision accident in which the first harmful event is the collision of two or more vehicles in transport.

COLLISION INVOLVING OTHER OBJECT - A collision involving other object is a collision accident other than a (1) collision involving pedestrian, (2) collision involving motor vehicle in transport, (3) collision involving other road vehicle in transport, (4) collision involving parked motor vehicle, (5) collision involving railway vehicle, (6) collision involving pedalcycle, (7) collision involving animal, (8) collision involving a fixed object.

COLLISION INVOLVING OTHER ROAD VEHICLE IN TRANSPORT - A collision involving other road vehicle in transport is an accident that is both an other road vehicle accident and a collision accident in which the first harmful event is the collision of two or more other road vehicles in transport.

COLLISION INVOLVING PARKED MOTOR VEHICLE - A collision involving parked motor vehicle is a collision accident in which the first harmful event is striking of a motor vehicle not in transport by a road vehicle in transport.

COLLISION INVOLVING PEDALCYCLE - A collision involving pedalcycle is an accident that is both a motor vehicle accident and a collision accident in which the first harmful event is the collision of a pedalcycle and a motor vehicle in transport.

COLLISION INVOLVING RAILWAY VEHICLE - A collision involving railway vehicle is a collision accident in which the first harmful event is the collision of a road vehicle in transport and a railway vehicle.

DAMAGE - Damage is harm to property that reduces the monetary value of that property.

DRIVER - A driver is an occupant who is in actual physical control of a transport vehicle or, for an out-of-control vehicle, an occupant who was in control until control was lost.

FATAL ACCIDENT - A fatal accident is any injury accident that results in one or more fatal injuries.

FATAL INJURY - A fatal injury is any injury that results in death. For most purposes it is reasonable to assume that all deaths resulting from injuries occur within 30 days of the injury accident.

INCAPACITATING INJURY - TYPE A - An incapacitating injury is any injury, other than a fatal injury, which prevents the injured person from walking, driving, or normally continuing the activities he was able of performing before the injury occurred.

INCLUSION - Severe lacerations, broken or distorted limbs, skull or chest injuries, abdominal injuries, unconscious at or when taken from the accident scene; unable to leave accident scene without assistance.

EXCLUSION - Monetary unconsciousness.

INJURY - An injury is bodily harm to a person.

INJURY ACCIDENT - An injury accident is any road vehicle accident that results in one or more injuries.

INTERSECTION - An intersection is an area which contains a crossing or connection of two or more roadways not classified as driveways access and/or is embraced within the prolongation of the lateral curb lines, or if none, the lateral curb lines, or if none, the lateral boundary lines of the roadways. Where the distance along a roadway between two areas meeting these criteria is less than 10 meters (33 feet), the two areas and the roadway connecting them are considered to be parts of a single intersection.

INTERSTATE HIGHWAY - An interstate highway is a trafficway in the interstate system.

INTERSTATE SYSTEM - The interstate system is the National System of Interstate and Defense Highways as defined in Section 101, Title 23, United States Code.

LIGHT TRUCK - A light truck is a motor vehicle consisting primarily of a transport device designed for carrying a load of property weighing up to 200 kilograms (4409 lbs.) on or in the device. Light trucks have pick-up, panel or van bodies.

LOCAL (CITY) STREET - A local street is a trafficway within a city trafficway system that is not an interstate highway, other U.S. route numbered highway, other state route numbered highway or county road.

MOTOR VEHICLE - A motor vehicle is any motorized (mechanically or electrically powered) road vehicle not operated on rails.

MOTOR VEHICLE ACCIDENT - A motor vehicle accident is a transport accident that (1) involves a motor vehicle in transport, (2) is not an aircraft accident or watercraft

accident and (3) does not include any harmful event involving a railway train in transport prior to involvement of a motor vehicle in transport.

MOTOR VEHICLE DAMAGE - Motor vehicle damage is road vehicle damage to a motor vehicle.

MOTORCYCLE - A motorcycle is a motor vehicle consisting primarily of a two-wheeled or three-wheeled transport device designed for carrying one or two persons. Motor scooters, minibikes and mopeds are motorcycles.

NON-INCAPACITATING EVIDENT INJURY - TYPE B - A non-incapacitating evident injury is any injury, other than a fatal injury or an incapacitating injury, which is evident to observers at the scene of the accident in which the injury occurred.

INCLUSION - Lump on head, abrasions, bruises, minor lacerations.

EXCLUSION - Limping (the injury cannot be seen).

NON-COLLISION ACCIDENT - A non-collision accident is any road vehicle accident other than a collision accident.

INCLUSION - Overturning accident, accidential poisoning from carbon monxide generated by a road vehicle in transport, breakage of any part of the road vehicle, resulting in injury or in further property damage, explosion of any part of the road vehicle, fire starting in the road vehicle, fall or jump from the road vehicle, occupant hit by an object in, or thrown against some part of the road vehicle, injury or damage from moving part of the road vehicle, chemicals leaking out of the road vehicle, toxic or corrosive chemicals leaking out of the road vehicle, injury or damage involving only the road vehicle that is of a non-collision nature, such as a bridge giving way under the weight of a road vehicle, striking holes or bumps on the surgace of the trafficway or driving into water without overturning or collision.

EXCLUSION - Being pushed from road vehicle when this is an act of deliberate intent and object thrown towards, or in, or on the road vehicle by a person when this is an act of deliberate intent.

OCCUPANT - An occupant is any person who is part of a transport vehicle.

OTHER STATE ROUTE NUMBERED HIGHWAY - An other state route numbered highway is a trafficway within a state trafficway system but not an interstate highway or other U.S. route numbered highway.

OVERTURNING ACCIDENT - An overturning accident is a road vehicle accident in which the first harmful event is the overturning of a road vehicle.

PASSENGER - A passenger is any occupant of a road vehicle other than its driver.

PEDALCYCLE - A pedalcycle is a non-motorized other road vehicle propelled by pedaling.

PEDESTRIAN - A pedestrian is any person who is not an occupant.

PERSON - A person is any living human. Within the context of this manual, a fetus is not considered to be a person.

POSSIBLE INJURY - TYPE C - A possible injury is any injury reported or claimed which is not a fatal injury, incapacitating or non-incapacitating evident injury.

INCLUSION - Monetary unconsciousness, claim of injuries not evident, limping, complaint of pain, nausea, hysteria.

PROPERTY - Property is any physical object other than a person.

INCLUSION - Real property, personal property, animals, signs, guardrails, impact attentuators.

PROPERTY DAMAGE ONLY ACCIDENT - A property damage only accident is a non-injury accident.

RAILWAY VEHICLE - A railway vehicle is any land vehicle that is designed primarily for or in the use of moving persons or property from one place to another on rails and not in use on a landway other than a railway.

INCLUSION - Damage to any part of a road vehicle.

EXCLUSION - Injury to any person, whether or not the person is part of the road vehicle.

ROAD - Road is the part of a trafficway which includes both the roadway and any shoulder alongside the roadway.

ROADWAY VEHICLE DAMAGE - Road vehicle damage is damage to a road vehicle.

INCLUSION - Damage to any part of a road vehicle.

EXCLUSION - Injury to any person, whether or not the person is part of the road vehicle.

ROADWAY - A roadway is that part of a trafficway designed, improved and ordinarily used for motor vehicle travel or where various classes of motor vehicle travel or motor vehicles are segregated, that part of a trafficway used by a northbound and southbound traffic or for trucks and automobiles.

RURAL AREA - A rural area is any area which is not within urban areas.

SHOULDER - A shoulder is that part of a trafficway contiguous with the roadway for emergency use, for accomodation of stopped road vehicles and for lateral sup- of the roadway structure.

TRAFFIC ACCIDENT - A traffic accident is a road vehicle accident in which the (1) unstabilized situation originates on a trafficway or (2) a harmful event occurs on a trafficway.

TRANSPORT DEVICE - A transport device is a device designed primarily for moving persons or property along with the device itself from one place to another, except (1) a weapon, (2) a device used primarily within the confines of a building and its premises, or (3) a human powered non-motorized device not propelled by pedalling.

TRANSPORT VEHICLE - A transport vehicle consists of one or more devices or animals and their load. Such devices or animals must include at least one of the following: (1) a transport device, or a unit made up of connected transport devices, while idle or in use for moving persons or property from one place to another, (2) an animal or team of animals while in use for moving persons or property other than the animal or team itself from one place to another, or (3) a

device such as construction, farm or industrial machinery outside the confines of a building and its premises while in use for moving person, the device itself or other property from one place to another. If such a device or animal has a load, the load is part of the transport vehicle. Loads include any person or property upon, or set in motion by the device or animal; any persons or property attached to and in position to move with the device or animal. If the load upon a transport device includes another transport device, the entire unit, including the load, is considered to be a single transport device.

TRUCK COMBINATION - A truck combination is a motor vehicle consisting primarily of a transport device which is a single unit truck or truck tractor together with any attached trailer or semi-trailer.

TRUCK TRACTOR - A truck tractor is a motor vehicle consisting primarily of a single motorized transport device designed for drawing trailers or semi-trailers but not for carrying other property on or in the device.

URBAN AREA - An urban area whose boundaries shall be those fixed by responsible state and local officials in cooperation with each other and approved by the Federal Highway Administration, U.S. Department of Transportation. Such boundaries are established in accordance with the provisions of Title 23, United States Code. Urban area boundary information is available from state highway departments. In the event that boundaries have not been fixed as above for any urban place designed by the Bureau of Census having a population of 2,500 or more, the area within the boundaries fixed by the Bureau of Census shall be an urban area.
